CACTUS DZN LIGHT & SET DESIGN

CACTUS DZN

Is a newly formed group of Light Designers located in mainland Europe.

The group consists of 3 well known Lighting Designers with many years of combined experience in the touring and entertainment industry.

Their goal is to support and assist productions with innovative and personalised lighting/ show designs that are tailored to the production needs and budgets. The trio pride themselves on being able to create versatile and scalable Show/Light designs which has become a key factor for all touring productions. And by understanding the many elements and challenges involved in touring, Cactus DZN can make a significant difference to the budgets and practicalities of any production.

SKILLS:
